

## You Save and the Community Scores!

We know that word of mouth is one of our greatest advertising tools and we love to see friends visit our facilities together! Whether it's through a workout buddy, or friends joining a youth sports program to feel a bit more confident about a new experience, it all attributes to an amazing sense of community belonging at the Y.

Our Member Referral program is a great way to gain instant workout buddies, and some extra cash in your pocket! Benefits of having those you know and love as members of our Y are limitless – whether for accountability, sharing goals and progress or validation, it's great to have friends at the Y.
